Stop the digital broadcast give-away

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Is the fcc a corporate/political whore, apparently so, is time goverment agencies start doing their jobs and stop doing doint he opposite of what the are intended to do, stop giving up to the industry lobby and sefeguard the public interest.
